About Me

I am a dynamic person, confident in communication, constantly learning, and accumulating knowledge to improve my capacity in the field he participates.

Language Skills

Programming Languages	Java C# C++ JavaScript Python
Libraries/Frameworks	React.JS Django Next.JS Flask HTML CSS
Database	MySQL SQL Server Firebase
Platforms	Vecrel Netlify

Experience Projects

Portfolio | ReactJS

It highlights and showcases samples of some of my best work.

Restro-Restaurant | ReactJS

Communicate restaurant information about preparing, serving food and drinks to customers.

Transport Management | Java

It allows managing the buses running on the routes, with both the number of people on the bus and the user being able to book tickets.

Your-Wedding | ReactJS, Django

Allows users to select wedding halls and menus of restaurants that offer paypal payments and users can post reviews. Manager can track orders and registered users.

Education

Ho Chi Minh City Open University
Information Technology Major (K2018)
